The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla, Copaiba and Sarsaparilla,

Possesses advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by J. W. THORN, Chemist, Lendon, and for sale, wholesale and retail, by Josis A. Tamasy & Co., Agents for the United States, 278 Greenwich street, New York. As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a precaution against imposition on consumers, a Label, of which the following is a fac simile, and which will be found burnt in upon the bottom of each pot of the genuine intended for sale in the United States, Canadas, British Precises.

NEAR Jackson, Madison county, Tenn., To all persons afflicted with Gravel.

Mr. J. F. Cowax:—Dear sir:—I hereby certify that in the summer of the year 1853, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily until he was helpless; and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him redef, and in a short time he was able to walk about, and finally fully recovered, since which time he has had no symptoms of said disease. symptoms of said disease, and to all appearance is an healthy as any servant on my plantation. I therefore recommend it to all persons suffering under a like disease, as one of the most certain remedies

Given under my hand this August 22d, 1857.
DANIEL SHELTON JACKSON, Tenn., August 22, 1857.

The above case was perfectly cured by 13 bottles of the Lithontriptic, and was one of the worst cases of the Lithontriptic, and wise Gravel that has ever been in this country.

G. ADAMSON.

Let every female who expects to become a mother read the following and profit thereby:— Mr. J. F. Cowan—Dear sir:—I on windome in note ness to publish under my certificate the following note that the suffering community may be benefitted. I have given birth to nine children, and my life being have given birth to nine children, and my life being miraculously saved (as I consider) by your medicine. I cannot in justice to you and the public withhold my testimony to its many virtues. once a day, for five months, which dispelled entirely the flatulent sickness of the stomach and heart-burn which had annoyed me, to an alarming extent fined I took about two wine glasses full of the ame medicine, which gave me an easier delivery by a great deal than I ever had before. Nor is this all, I have seen it tried in one case, and heard from a respectable source in another case, that your Lithon triptic was tried in, and the Mistwife with others in at the delivery was very much lessened by its use. I would say to all my sex that expect to be mothers, not to be without your invaluable medicine during pregnancy, and particularly at the time of confinement, as it has a marked tendency to relax the system, consequently the pain of labor is much diminished; and further my Physicians and Midwife both said that I had drupsy of the Womb, and I now enjoy better health than I have done in the pains, and I better une disease is entirely removed.

Sir, I do this that the sufferings of very many of my sex may be alleviated if they can only overcome their sex may be alleviated if they can only overcome their prejudices so much as to try the Lithoutriptic.
